SCIENCE OR ART	Place crayons and markers in a bag, have your child pull them out and sort by color.	Magic Milk: in a glass casserole dish, pour a thin layer of milk, add drops of food coloring, dip Q-tip in soap and swirl in dish.	Sock match game. Divide socks up into piles based on who wears them have child sort and find matching socks.	Go on a Shape hunt in your house and in your yard, help child, to draw a rectangle, square, circle and triangle and help them search for and identify the different shapes around your house.	Pre-Halloween M&M Experiment https://youtu.be/E8uEmZyy88M
MATH	Parents: Draw a spider web with ten points numbered. Have child count out and put a sticker on each number in order or if you have Halloween items have child place them on numbers in order.	Cut out a pumpkin shape on orange paper or have child color, Cut out triangle shapes on black paper or have child color, and have child glue a jack-o-lantern together.	Fill a bowl with ice cubes, roll a dice and count out that many ice cubes place into another bowl. You can also have child use tongs to pick up ice cubes	Parents: On the left side of a white paper from top to bottom write 1-6 in a square. Have your child color the number 1 red, 2 orange, 3 yellow, 4 green, 5 blue, and 6 purple. Have child roll dice and try to tell all the numbers 1-6. Have your child use matching color to check off each one they roll.	With your grown up, can you help bake something that you can add ingredients and measure what you have to mix. To cook and bake you need to use math and learn time. Can't wait to hear about what you helped to make.
JOURNAL	Do you have a pet? Or a stuffed animal you love? Draw a picture of them.	Name 5 things you like, and draw a picture of them, or glue a picture of them in your journal.	Draw some shapes in your journal and use stickers to place on the outline of each shape.	Draw what costume you are going to wear for Halloween.	Draw a picture of which story was your favorite this week!
